INSTRUCTIONS: Most people do not think that there is that big of a difference between their particular Bible and the King James Version, other than the omission of a bunch of thees and thous. If this describes you, then take this short quiz and see if you still feel the same way. We predict that you won't! Using your Bible only, answer the following questions. Do not rely on your memory. Since the Bible is supposed to be the final authority, you must find the answers in the actual Bible verse and not from any footnotes. Good Luck!

If you followed the instructions from above, you undoubtedly failed the test, unless you used the King James Version of the Bible. (Don't feel embarrassed, I would have failed this test too, 25+ years ago!) Do you still think there are no major differences between various translations of the Bible? Get on our website or give us a call if you have any questions. We would love to serve you in any way possible in your quest for discovering God's truth.
